BARNEY A SUICIDE

President of Knickerbocker
Trust Co

TOOK LIFE YESTERDAY

Dead Was Committed at the Noted Fi-
ancier's Home—His Banking In-
stitution Closed Its Doors
During the Recent Panic.

New York, Nov. 15.—Charles T. Bar-
ney, president of the Knickerbocker
Trust company, which recently closed
its doors, committed suicide at his home,
101 East 38th street, yesterday after-
noon.

Mr. Barney was president of the
Knickerbocker Trust company, which
closed its doors at the beginning of
the recent financial crisis. The institution
was one of the largest trust companies
in the city and had liabilities estimated
at from \$60,000,000 to \$70,000,000. Mr.
Barney had long been prominent in the
financial life of New York and was in-
terested in many various enterprises.

His wife is a sister of the late Wil-
liam C. Whitney.

Mr. Barney was 56 years old, a native
of Cleveland, O., and for many years
had occupied a prominent place in finan-
cial and social circles in this city. Aside
from his connection with the Knicker-
bocker Trust company, he had been in-
terested in many other financial institu-
tions and business enterprises. He was
a member of the New York stock ex-
change. He had made large investments
in New York real estate.

Mr. Barney was educated at Williams
college, being a member of the class of
1870, and he was a member of the Wil-
liams Alumni association and many other
societies and clubs, including the Met-
ropolitan Museum of Art, the Metro-
politan, Century, Players, University,
City, New York Athletic and New York
Yacht clubs.

It became known within the last few
days that Mr. Barney was in a state of
physical and mental collapse. At the
office of the Knickerbocker Trust com-
pany it was known yesterday morning
that his physical condition was very
serious and some of those who had
known him intimately for years spoke
of his physical condition. Word to this
effect gained circulation among the
known financiers in Wall street, who
were fully prepared for the announce-
ment of his tragic death.

Mr. Barney committed suicide by
shooting himself in the head. Notice
of his suicide was telephoned from his resi-
dence to the coroner's office shortly after
three o'clock. When the coroner's clerk
arrived for details, Dr. Joseph A. Clark
replied that when he was called to Mr.
Barney's house the banker was dead.

NATIONAL GRANGE DISCLAIMS MELLEN

Resolution of Committee Does Not Sup-
port Criticism of the
President.

Hartford, Ct., Nov. 15.—The National
Grange yesterday received resolutions
from a committee disclaiming support
of the statements by President Charles
F. Mellen of the New Haven road, in
his address before the Grange here Wed-
nesday night. The resolutions say in
part:

"Resolved that the members of the
National Grange do not wish the im-
pression to go abroad that the state-
ments made by all the speakers at the
public reception last evening are a por-
tion of the Grange creed. A railroad
president was invited to speak, and the
members courteously listened to his pre-
pared address with many innuendoes
susceptible of various constructions,
some of which would place our order be-
fore the world in a false position.

"The National Grange desires to pub-
licly declare it was not responsible for
the statements or expressions in said
address above referred to.

"Resolved, that we wage no warfare
against railroads or any other corpora-
tions that conduct their business along
lines of railways."

The suggestion of a uniform public
accounting law was laid before the Na-
tional Grange at the session yesterday and
referred to a committee. Similar action
was taken on the resolution offered by
State Master Aaron Jones of Indiana
concerning the address of President Mel-
len of the New Haven road Wednesday
night.

State Master F. A. Dertick of Ohio
offered the resolution that all states
and the federal government should enact
a uniform public accounting law, requir-
ing that all public accounts be kept by a
uniform system prescribed and audited
by state or federal authority, and that
all accounts of every person, firm or cor-
poration, who are beneficiaries of any
special privilege, in whatever form
granted, whether by state or federal gov-
ernment, shall be required to keep all
the books, accounts, papers, or records
in the manner and form prescribed by
the state or federal government, and
that the books and papers be open for
inspection at all times.

ALABAMA HOUSE VOTES "DRY."

Adopts a General State Prohibition
Measure By Two-Thirds.

Montgomery, Ala., Nov. 15.—The
House has passed a general state Prohi-
bition bill. This bill overshadowed all
other regulation measures, notwith-
standing the governor's call for an extra
session. Under the constitution it re-
quired a two-thirds vote to pass the
House as it was not in the call, but this
number was got without trouble.

The House passed the bill against the
charging of a higher rate on freight than
that fixed by law, also the bill fixing a
penalty for ejecting a passenger from a
train after he had offered to pay the
amount fixed by law.

The Senate spent the day discussing
the various regulation bills but did not
pass any.

THREE BOMBS EXPLODED
IN NEW SCHOOL BUILDING

Miscellaneous Wrecks Germantown, Pa.,
Structure with Dynamite.

Philadelphia, Nov. 15.—What are sup-
posed to have been three dynamite bombs
were placed in the Charles W. Henry
school, under construction in Ger-
mantown, a suburb, early yesterday, and
exploded by means of long fuses. Great
holes were torn in the corridor walls of
the building, one so large that a horse
and cart could be driven through it.

The only theory the contractor and
the police have for the placing of the
bombs is that the attempt to wreck the
building was made by either an insane
man or a vandal.

TAFI PASSES COAST OF JAPAN.

All on Board the Rainbow Are Reported
Well.

Tokio, Nov. 15.—The flagship Rainbow
of Rear-Admiral Hemphill's squadron,
with Secretary of War Taft on board,
escorted by the cruisers Chattanooga and
Galveston, reached Iwoshima light house,
near Nagasaki, yesterday morning.

The Chattanooga entered the Nagasaki
harbor for the mail, but the other ves-
sels proceeded. She will remain there in
Tsushima straits. The Chattanooga re-
ported that all on board the Rainbow
are well.

RECEIVERS MAY BORROW
\$100,000 FOR EXPENSES

Arnold Print Works Authorization by
U. S. Circuit Court.

Boston, Nov. 15.—The receivers of the
Arnold print works were authorized by
the United States circuit court yesterday
to borrow a sum not exceeding \$100,
000 and to issue receiver's certificates
for the purpose of meeting expenses in
carrying on the business.

The usual conditions in regard to
distributing the certificates as well as
their claim against the property were
imposed in the order of the court.

POPE IS DEEPLY INTERESTED IN MALONEY CASE.

"Excessive Liberty of Young People in
America May Lead to Unpleasant
Results," He Declares.

Rome, Nov. 15.—The excessive liberty
granted to young people in America may
lead to unpleasant results.

This opinion was expressed by Pope
Pius X in conversation with Cardinal
Vincenzo Vannutelli about the case of
Mrs. Helen Maloney Osborne, daughter
of Martin Maloney of Philadelphia.

Because of the prominence of the Ma-
lonays at the Vatican court, there has
been much interest in the details that
have been printed here of the trip to
Europe Miss Maloney took with Clark-
son and her previous marriage to Os-
borne.

In his anxiety to learn the truth, he
summoned Cardinal Vannutelli, whom he
knew to be a close friend of Mr. Ma-
lonay.

The friendship of the pope for the
Maloney family has existed for several
years. One proof of that friendship was
given when the title of papal marquis
was conferred upon Martin Maloney
three years ago. The Maloneys have
been frequent visitors to the Vatican.

Rarely a summer has passed in which
some member of the family was not
received there.

In all the years since Martin Maloney
began to gather wealth, the church has
been a recipient of part of it. When
the Church of St. John of Lateran, fa-
vorite of Leo XIII, was badly in need
of repairs he paid the bills, although he
disclaimed all credit.

When France decided to banish the
members of certain religious orders and
the convents were closed by law, an
American, through his agents, took title
to the convents. The sisters are still
residents therein, but they do not know
whose bounty gives them shelter. It
has been many times that this man
is Martin Maloney.

These and many other charities led
the pope to enquire Mr. Maloney.

FRENCH CHARGE
AGAINST SIEGEL.

German Admiral Said to Have Had Deal-
ings With Ulimo, Alleged Spy.

Paris, Nov. 15.—The Libre Parole de-
clares that the connection of Admiral
Siegel, the German naval attaché here,
who has just been recalled, with En-
sign Ulimo, who was arrested on charge
of being a spy, has been established by
documents in the hands of M. Leydet,
the magistrate inquiring into the charges
against Ulimo.

The paper adds that their correspon-
dence was carried on through Helber
intermediaries, but that a personal meet-
ing between Ulimo and Siegel occurred
in Paris last August and that Siegel's
recall was due to the fact that he was
compromised.

The Libre Parole is violently anti-
Semitic, and the information it prints
is frequently unreliable. Ulimo is a He-
brew.

Rheumatism Cannot Be Cured
Unless Uric-o is Used.

Sudden Deaths, Heart Failure and Par-
alysis Are Caused by Poisonous
Uric and Rheumatic Acids.

The rheumatic person is skeptical re-
garding the claims of almost any remedy
advertised as a cure for rheumatism,
and one can scarcely blame him for being
so. All the plasters and liniments com-
bined never actually cured a case of
rheumatism. They may relieve it in one
quarter, but it is sure to break out
somewhere else. The only true way to
cure rheumatism is to drive it from the
system, for as long as the uric and rheu-
matic acid remains in the blood, one is
never entirely free from the trouble.

This is where the value of Uric-o as a
permanent cure for rheumatism comes
in. It seeks out the rheumatic poison in
the blood, muscles and kidneys, renders
it inert and harmless and drives it out
of the system. That is why Uric-o is
such an admirable and effective cure for
rheumatism.

The chief reason that Uric-o is such a
wonderful cure for rheumatism is that
it is designed and prepared to cure rheu-
matism and rheumatism only. It is
composed of perfect antidotes for the
rheumatic acid poison in the system.
That is the secret of its wonderful suc-
cess. Rheumatism simply cannot exist
in a person's system if Uric-o is used.

Uric-o is sold by druggists at 75c
and \$1.00 the bottle, but if you still feel skep-
tical about its efficacy you can test it
free of charge by cutting out this ad-
vertisement and sending name, together
with your name and address, also the
name of your druggist, to The Smith
Drug Company, 101 Smith building, Syra-
cuse, N. Y., and they will send you a
sample bottle free. To persons who
write and say they have never used
Uric-o, and want to test it thoroughly,
will also agree to take it systematically
according to directions, they frequently
give a regular 75c bottle.

Uric-o is sold and personally recom-
mended in Barre by the Red Cross phar-
macy, or Rickett & Wells.

TELL STORY OF BROWN'S DEATH

First Witnesses Called in
Effort to Convict

MRS. BRADLEY OF MURDER

Prisoner Visibly Affected—Closes His
Eyes While Prosecutor Tells of
Killing, But Does Not Ap-
proach Breakdown.

Washington, Nov. 15.—The jury in
the Bradley trial is complete, Assis-
tant District Attorney Turner immedi-
ately began the presentation of the case
for the government yesterday.

He detailed the facts of the tragedy
which resulted in the death of former
United States Senator Brown.

Mr. Turner said it would be shown
that Mrs. Bradley had said that her
act was deliberate. He said in conclu-
sion: "If the government succeeds in
proving these things and if you believe
it was a deliberate murder it would be
your duty to return a verdict of guilty
as indicated."

Mrs. Bradley was visibly affected as
the recital proceeded. She closed her
eyes, but did not approach a break-
down.

The first witness was David T. Nel-
son, the clerk who was on duty when
Mrs. Bradley went to the hotel on Dec.
8. His testimony contained little in-
formation.

Josephine Kidwell, a chambermaid
at the hotel, told of hearing two shots
upon entering Brown's room she saw
Brown lying on the floor and a woman
standing near him.

T. J. Talty, manager of the hotel, re-
peated his oft-told story of the killing
of Mr. Brown. He said that when he
entered the room, Mrs. Bradley stood
by the side of the prostrate man.

"Who did this?" he asked and Brown
replied: "That woman there," pointing
to Mrs. Bradley.

"Is she your wife?" asked Talty and
Brown replied in the negative.

He had then directed Mrs. Bradley
to leave the room, whereupon she pro-
tested and was finally allowed to re-
main.

In response to a question from Mr.
Hoover as to Mrs. Bradley's condition
at the time, Mr. Talty said:

"Her expression was that of extreme
agony mixed with a slight touch of ven-
geance and she seemed in a dazed con-
dition."

The court then took a recess for
luncheon.

MAINE POTATO CROP FAILS.

Loss to the Growers Will Reach About
\$5,000,000.

Augusta, Me., Nov. 15.—The commis-
sioner of agriculture, after a personal
investigation, announces that the potato
crop of Maine is a failure.

The acreage this year is much greater
than in any previous year, but the un-
favorable weather conditions have pro-
duced blight, rot and rust, so that the
yield is less than half of the average.
Thousands of bushels of potatoes remain
in the ground, partly because the con-
dition of the crop would not warrant the
expense of harvesting and partly be-
cause of the severity of the frost.

The monetary loss to the growers
will approximate \$5,000,000, the bulk
of which falls on Aroostook county
farmers.

THE CALL OF
THE BLOOD
IN DEBILITY

Dr. Williams' Pink Pills Will
Prevent Most Cases and Have
Cured Even Those That
Stubbornly Resisted
Treatment.

There are few cases of general debility
that could not have been prevented.
There is no hidden cause for its presence
nor is it sudden in its attack. Any
person who is over-worked, or subject
to any great worry or excitement, or
undergoes some long-continued strain
on the body, is liable to become debili-
tated unless the blood is kept pure and
rich. Such unusual conditions call for
more nourishment than the blood can
supply and pale faces, headaches, poor
appetite, unrefreshing sleep, backaches,
loss of spirits and a general tired-out
feeling, which follow, are simply a call
for a blood tonic and builder.

Mrs. Lena May Brooks, of Prairie Hall,
Macomb county, Ill., after several months
of suffering finally found the right tonic
in Dr. Williams' Pink Pills. She says:

"For several months after the birth of
my baby, I suffered terribly from a
general breakdown in health. I was in-
bed for three months and after that was
able to be up only part of the time. I
was sick all over, being pale, weak and
thin. My appetite was gone and my
head ached most of the time. Often-
times there seemed to be a rush of blood
to my head and I would faint away. I
was very nervous and was not strong
enough to do any work."

"As the treatment I was taking did
not help me, I began to take Dr. Wil-
liams' Pink Pills, which a friend said
had helped her. After taking a few
bottles, I began to get well rapidly. I
continued using them for a time and am
now as well and strong as ever."

Dr. Williams' Pink Pills have cured
anemia, after-effects of the grip and
fevers, rheumatism, indigestion, and
nervousness, dizziness, neuritis, St.
Vitus' dance and are of the greatest
value even in partial paralysis and loco-
motor ataxia.

Dr. Williams' Pink Pills are sold by
all druggists, or will be sent, postpaid,
on receipt of price, 50 cents per box,
six boxes \$2.50, by the Dr. Williams
Medicine Company, Schenectady, N. Y.

HOWARD GOULD CHARGES WIFE.

Fits Charges in Effort to Have Witness
Examined—Names Wm. F. Cody.

New York, Nov. 15.—In an affidavit
filed in the Supreme court yesterday,
Howard Gould sets forth on information
and belief that prior to her marriage
to him his wife's relations with William
F. Cody, "Buffalo Bill," were illegal.

He says in the affidavit that prior to
their marriage his wife, Katherine Glen-
nora, told him that her relations with
Cody were merely business relations. He
says that he believes he can prove by
Katherine Mer of London that his wife
confessed to Miss Mer.

Miss Mer lives in London, Eng., but
is temporarily here. The case was be-
fore Justice O'Gorman on application of
counsel for Mrs. Gould to have vacated
an ex parte order which Mr. Gould got
from Justice Fitzgerald for examina-
tion of Miss Mer, in his defense to Mrs.
Gould's suit for separation.

PREMIER OF ENGLAND
TAKEN SUDDENLY ILL.

Stricken at Bristol and London Physi-
cian Summoned.

London, Nov. 15.—After attending the
luncheon to the Kaiser at the Guildhall
yesterday, Sir Henry Campbell-Bannerman,
the premier, went to Bristol, where he
addressed a meeting. At its close he
went to the house of a local member of
Parliament for the night.

At 1 a. m. the household was aroused
by his illness. Physicians were sum-
moned in haste. It is announced that Sir
Henry is better, but that he is confined
to his bed.

A physician has been summoned from
London.

It was said at noon that the condition
of the premier had improved. His trouble
was a spasm of the heart. The effects, it
is believed, will soon pass.

GOVERNMENT STILL PLANS
HARRIMAN PROSECUTION

When Action Will Be Taken Is Not
Disclosed.

Washington, D. C., Nov. 15.—On high-
est authority it can be said that the
government has not given up the idea
of attacking Harriman further in the
courts. What will be done and when is
not disclosed, but indications point
strongly to an attempt to break up the
poisoning arrangement between the Union
Pacific and Southern Pacific.

Nothing will be done in this matter
until after the Harriman hearing now
on in New York is disposed of, and also
the case against the American Tobacco
company arising from the seizure of
goods in Virginia under the Sherman
law.

A JUVENILE COURT SOCIETY.

Move to Aid the Children Is Started in
Chicago.

Chicago, Nov. 15.—The nucleus of
what is intended to be an aggressive or-
ganization for the betterment of the
physical and moral conditions of children
has been formed here under the name of
the International Juvenile Court society.

The scope of the society is to be world-
wide. Judge B. N. Lindsey, Denver, was
elected president. Vice-presidents named
include Homer Folks, New York; Joseph
Lee, Boston; William De Lacey, Wash-
ington, D. C.; Crawford Jackson, Atlan-
ta, Ga.; A. W. Frost, Milwaukee, Wis.;
was chosen secretary, and Bernard Flex-
ner, Louisville, treasurer.

GOVERNOR POST STIRS
PEOPLE OF PORTO RICO.

He Is Now on His Way Here on Steamer
Philadelphia.

San Juan, Porto Rico, Nov. 15.—Gov-
ernor Post sailed for New York Wednes-
day on the steamer Philadelphia. It is
alleged that the governor's enemies are
making capital out of his recent speech
to the Porto Rico school inspectors, in
which he is reported to have said that
the inspectors are worse than the mis-
sionaries in Porto Rico. Church influ-
ence, it is claimed, is being sought to
prevent the Senate from confirming the
governor's appointment to succeed Reek-
man Winthrop as governor of Porto
Rico.

PORTO RICO ASKS RELIEF

Labor Delegates to American
Federation Convention

ASK IMPROVED CONDITIONS

They Desire Full American Citizenship
for Their People, an Eight-hour
Work Day, and Other
Reforms.

Norfolk, Va., Nov. 15.—The Ameri-
can Federation of Labor yesterday re-
ferred to its committee on resolutions, for
early action and report resolutions by
Porto Rican Delegates Iglesias, Sanchez
and Becorri, providing for a committee,
with the Porto Ricans included there-
to, to be headed by President Gompers, who
shall within two weeks, following the
adjournment of the present convention,
visit President Roosevelt, asking relief
for Porto Rico. The requests include
the following:

That full American citizenship be
granted.

For an eight-hour work day and en-
forcement of the American labor liabil-
ity act.

Preventing the Porto Rican police
from being used to break legitimate
trades union strikes.

The establishment of a branch of the
United States labor bureau in Porto
Rico, and a law preventing child labor
under 14 years.

United States Labor Commissioner T.
V. Powderly urged that the federation
co-operate with the government in the
solution of immigration problems. His
idea is to have agents on the European
side of the Atlantic who will board
American-bound steamers and distribute
among the immigrants data, printed in
their own language concerning the re-
sources of the United States. He ex-
plained that they think New York, Phil-
adelphia, Boston or whatever port they
land at is the entire United States.

J. J. Sullivan, New York, an attor-
ney, formerly a carpenter, denounced

the injunction. He declared that the
time had passed when a man could say
that he "ran his business in his own
way irrespective of others."

Other speakers were J. Hodge and W.
D. Shackleton, members of Parliament
and fraternal delegates to the British
Trades Union Congress, and W. B.
Trotter, delegate from the Canadian
Trades council.

FREED OF MURDER
FEARS ASSASSINS.

Police Arrest One of Four for Plotting
to Kill Gascone.

New York, Nov. 15.—Released from
custody by the verdict of a jury which
exonerated him on a second trial for
murder after he had spent 33 months
in the death house at Sing Sing, Raffaele
Gascone fears that he is in danger of
death at the hands of members of a
Sicilian secret society.

The first direct evidence that Gas-
cone's fears were justified came to the
police yesterday when three detectives
disguised as laborers overheard a con-
versation between four men whom they
were watching. They declare that the
whole plot to put Gascone out of the
way was discussed before they attempted
to take the four into custody.

Three of the men escaped. The fourth
was seized and locked up, charged with
conspiracy. The prisoner, who says his
name is Gabriel Talzone, pleaded with
his captors to allow him to take a knife
to his cell.

CHALLENGE FROM D. F
